

Breaking News English

The **Breaking News English** website is a **free educational platform** that provides English lessons based on **current news stories adapted to multiple proficiency levels** for ESL/EFL learners. The site publishes new lessons regularly, organized into **seven levels of difficulty**—from elementary to advanced—enabling students to develop their skills progressively while engaging with real-world content.

Each lesson includes **printable texts and activities**, vocabulary exercises, listening practice with downloadable audio in both British and North American English, interactive dictations, and more than **30 online quizzes** per lesson. These resources are suitable for both classroom and online use, helping learners strengthen reading, listening, writing, and speaking skills. Breaking News English is especially valuable for teachers wishing to incorporate **authentic news content into lesson plans** with minimal preparation.
