

FrenchTeacher.net – Interactive Sites

The **FrenchTeacher.net - Interactive Sites** page is a curated **collection of links to free online interactive resources for learning and teaching French**. It brings together numerous links to platforms offering **interactive grammar and vocabulary exercises**, multimedia activities, listening and reading practice, and tools that support spoken and written French across different proficiency levels. The selection includes resources suitable for **beginners, intermediate and advanced learners**, such as games and quizzes, listening materials with audio, and self-correcting exercises, making it easy to incorporate into both classroom instruction and independent study. This compilation is especially valuable for French teachers who want to **enhance their lessons with diverse digital tools**, expand student engagement with interactive content, and provide meaningful practice across the four language skills.
